**AGENDA ITEMS**

- A. Dean Mattoon welcomed everyone that came to the informational/public meeting. He introduced board members to the roughly 30 people that were present for the meeting. He then turned things over to Cecily Cunz, from Applied Ecological Services (AES) and Cecily gave an excellent presentation recapping the Catfish Creek Watershed Management Plan. Several questions were asked from the public in regards to both what the Catfish Creek Watershed Authority Board does, as well as, topics that pertain to the watershed management plan. Cecily, Laura, Eric and Dean all answered questions. Discussion followed.

Meeting adjourned at 7:35pm.
